Always Impostor (Among Us) is a mod for the infamous game Among Us, allowing you to always play the game as a traitor and hunt for a team of players. Among Us wasn't as popular until the last few years. The premise of the game is that you and your group find themselves on a spaceship and are required to complete the repair. There's a traitor within your team who will do anything to stop the ship reaching its final destination. He will secretly kill each member of the crew one at each time.

Along together with the other crew members, must discover who he is and to throw him off the ship. To avoid waiting for an opportunity to come along and not hope for fortune, you can use this mod and play as the same character throughout the game. It's not official, therefore you could be exiled from some of the games. The Always Impostor Mod is an Android application which, as the name suggests, allows us

to remain the impostor in all of our games of Among Us. Downloading and installing this MOD is Android is simple as it's only required to install it on the original application for the game. It is unnecessary to wait for several games to be an imposter in Among Us. With the MOD we have provided you can play it whenever you like. It is to be installed in place of the one you originally installed. Once opened it allows you to pretend that you are always the impostor. It is not required to do anything beyond installing and opening it. While there is no information on whether or not this is the case, it is possible that the game's developers will prohibit you from using.

However I would doubt that since it is an Android free game. Whatever the case, you'd lose all purchases made in the game should this happen. The game's host decides how many impostors will be present in a game. Everyone will be ready to leave the field once the game has begun. The crew members will be given a variety of tasks to complete. Before they finish their research, the fakes must wander about and kill crew members.

The imposters must execute the murders in a shady manner to ensure that no crew members are able to locate them. The imposters must be able to conduct all the killings without being noticed by the crew members. The crew are the winners if they identify the impostors and complete their assignments before being killed. It's an intriguing and fun-filled journey based on betrayal and collaboration, and you'll certainly enjoy it once you begin playing.
